

Prevas appoints new CFO.

Helena Burström has been appointed new CFO of Prevas AB, taking over the role from Andreas Lindahl who, at his own request, has chosen to end his employment to pursue new challenges outside Prevas. Helena assumes her new role on June 1 2022.

Helena has worked at Prevas as Finance Manager Prevas Group since September 2021. Helena has great experience and has, among other things, been Head of Group Accounting for large and international industrial companies and also for railway contracting and wholesale operations.

“I am very pleased to be able to present Helena as our new Prevas CFO and look forward to our continued collaboration,” says Johan Strid, CEO and President, Prevas. Helena will continue to modernize and streamline our support functions and expand the conditions for further growth in a decentralized environment.

Andreas Lindahl has been CFO at Prevas since 2014 and will leave the company in August. Andreas will ensure an orderly transition and will continue his current role until Helena takes over.

“Andreas has had a key role at Prevas and is a big part of the success we have created in recent years. I am extremely grateful to Andreas and for the great collaboration we have had. We wish him all the best with his new challenges”, continues Johan.
